In the 1960 Census of Housing we are collecting information about the financing of residential properties. This questionnaire is being used to obtain the information needed for a cross section of residential properties throughout the country. The property at the address shown above is one of those for which information is required.

The owner of the property informs us that you hold or service a mortgage or similar indebtedness on this property. If you hold or service a first mortgage please fill out the **FIRST MORTGAGE QUESTIONNAIRE** which is attached. If you hold or service a second mortgage (or other junior lien) please complete the **JUNIOR MORTGAGE QUESTIONNAIRE**.

To assist you in identifying this mortgaged property in your records, the name of the current owner is entered above and, when reported, the lender's account number. If the current owner reported that he assumed mortgage payments from a former owner, the former owner's name is also shown.

If your records indicate that you do not currently hold or service any mortgage on this property, please supply the information called for on the reverse side of this letter. This will help us determine the current mortgage status of this property.
