

How are Householders Commuting to Work?

HUD asked heads of household over the age of 16 who reported working for pay within the past week about their commuting behavior.

90% Drive

9% Use **public transportation**

6% Use a **subway, commuter rail, light rail, or trolley car**

4% Use **public bus**

1% Use a **commuter van or bus**

2% Use a **taxi, cab, or car service**

4% Walk

2% Ride a **bicycle**

*Figures may not add to total because more than one response may apply to a household unit.
