

Where's My Form?

The U.S. Census Bureau is streamlining operations to conserve taxpayer time and money as we measure our nation's economy through surveys such as the 2014 Annual Accommodation or Food Services Report. This includes moving from paper-based data collection operations to online-based data collection operations.

To report online:

- Visit <https://econhelp.census.gov/arts>
- Click the "Survey Log in" button
- Log in using your user ID and password found on your letter
- From the main menu, click the "Start" button for each report listed

If you need a worksheet to compile your data before reporting online:

- Select the link under the "Worksheet" column on the main menu
Note: If you have more than one report listed on your main menu, the worksheet and special instructions may differ.

In the future, we will continue to shift operations away from paper, as well as find ways to open up more cost effective channels of communication with you such as secure email, texting, and web chat. **THANK YOU** for your continued cooperation.
