

A Message from the Director, U.S. Census Bureau:

We request your participation with the **2019 Annual Wholesale Trade Survey**. The Annual Wholesale Trade Survey produces national estimates of total annual sales, e-commerce sales, end-of-year inventories, purchases, total operating expenses, gross margins, and commissions (for electronic markets, agents, and brokers) for wholesale businesses located in the United States. Data generated from this survey are often used by government agencies, private businesses, and researchers. For example, the Bureau of Economic Analysis (BEA) utilizes the estimates as an input to estimate sales and inventories for the Gross Domestic Product (GDP).
