*The COVID-19 pandemic posed challenges to collecting ACS data in 2020 and, as a result, the ACS experienced high rates of non-response. To address these concerns, the Census Bureau released "experimental" estimates for the 2020 ACS 1-year data. For this reason, 2020 ACS 1-year estimates are not provided in these figures. For more information, see https://www.census.gov/programs-surveys/acs/technical-documentation/user-notes/2021-02.html.
