OFFICE OF THE DIRECTOR

FROM THE ECONOMIC INDICATORS DIVISION
U.S. CENSUS BUREAU

A few months ago, we sent you a "Construction Progress Reporting Survey" (Form C-700 or C-700(R)) requesting information about a construction project associated with your organization. At that time, you informed us that construction work had not yet started and indicated an expected start date. We are now returning the form to you to ask if the project has started.

If it has started, please verify the project description and location, enter the start date, projected completion date, total cost estimates, and monthly figures on the value of work done from the start of construction through the previous month. Thereafter, we will ask you to report only a single figure each month for the construction value of work done, until the project is completed. If the project still has not started, please enter the expected start date. On the back of this letter, you will find disclosure descriptions regarding Office of Management and Budget Number, authority and confidentiality, and burden estimate statement.

You may submit your data via the Internet. The enclosed Form C-700 or C-700(R) displays the User ID and Password that you need to access the survey via the Internet at econhelp.census.gov/cprs

To assist you further in your reporting, you may submit your survey by mail or fax (1–800–845–8245) within 7 days, even if the project has not started.

If you have any questions, call our toll-free number (1–800–845–8246) Monday through Friday, 8 a.m. to 5 p.m. (Eastern Time). A supervisor may monitor the call to ensure accurate and courteous service. For your information and use, already published construction spending data are available online at **www.census.gov/constructionspending**

Thank you.

Sincerely,
