The Census must count every person living in Puerto Rico on April 1, 2010.

Before you answer Question 1, count the people living in this house, apartment, or mobile home using our guidelines.

• Count all people, including babies, who live and sleep here most of the time.
• Do not count anyone who is not living in the house, apartment, or mobile home on April 1, 2010 that you did not include in Question 1.
• Leave these people off your form, even if they will return to live here after they leave college, the nursing home, the military, jail, etc.
• Do not count anyone in a nursing home, jail, prison, detention facility, etc., on April 1, 2010.
• Do not count anyone in armed forces, if they still call another place their home. Otherwise, they may be counted twice.
• Do not count anyone living away either at college or in the military, jail, etc.
• The Census must also include people without a permanent place to stay, so:
  • If you need help completing this form, mark one or more boxes.
  • Leave the Question blank if you don’t understand an answer.
  • If someone who has no permanent place to stay is staying here on April 1, 2010, count that person. Otherwise, he or she may be missed in the census.
