The U.S. Census Bureau is issuing a call to action for every resident of our nation: “BE COUNTED IN 2010.”

The Census: A Snapshot

- **What:** The census is a count of everyone residing in the United States.
- **Who:** All U.S. residents must be counted—people of all races and ethnic groups, both citizens and non-citizens.
- **When:** Census Day is April 1, 2010. Questionnaire responses should represent the household as it exists on this day. More detailed socioeconomic information will be collected annually from a small percentage of the population through the American Community Survey.
- **Why:** The U.S. Constitution requires a national census once every 10 years. The census will show state population counts and determine representation in the U.S. House of Representatives.
- **How:** Census questionnaires will be delivered or mailed to households via U.S. mail in March 2010; many households will receive a replacement questionnaire in early April. Census workers also will visit households that do not return questionnaires.

A Complete Count: The Importance of Census Data

- Every year, the federal government can allocate more than $400 billion to states and communities based, in part, on census data.
- Increased participation in the census will result in more accurate data that media outlets can trust and share with the public in articles and reports.
- Census information helps determine locations for schools, roads, hospitals, job training, child-care and senior citizen centers, and more.
- Census data determine how many seats each state will have in the U.S. House of Representatives as well as the boundaries of legislative districts.

2010 Census Questionnaire: Quick, Easy and Confidential

- With only 10 questions, the 2010 Census questionnaire is one of the shortest questionnaires in history and takes just 10 minutes to complete.
- By law, the Census Bureau cannot share an individual’s census questionnaire responses with anyone, including other federal agencies and law enforcement entities.

THE 2010 CENSUS IS IMPORTANT.

It determines the distribution of more than $400 billion annually of government funding for critical community services. It generates thousands of jobs across the country. And it impacts your voice in Congress.

YOU CAN MAKE A DIFFERENCE.

As an influential media organization leader, you can raise awareness of and encourage participation in this historic event. With your help, the Census Bureau will continue to produce accurate data, which will directly affect the quality of life in your community.
Become a 2010 Census Partner
Your partnership sends a strong message to your community about the importance of the census and the benefits of being counted. By partnering with the Census Bureau, you can help:

- Assure people that it is important – and safe – to answer the census.
- Ensure more accurate census data.
- Spread the word about temporary census jobs in your community.

Take Action for Your Community and Country
As a partner, you will play an important role in making the 2010 Census successful by encouraging people in your community to take part in the count. You can:

- Include 2010 Census information, events and announcements in your news coverage, PSAs and on your Web site.
- Invite Census Bureau representatives to participate in events hosted by media.
- Meet with 2010 Census spokespeople and help communicate news of the census to a wider audience.
- Join a Complete Count Committee (CCC), an organized group of other influential community leaders in your area dedicated to increasing participation in the census.
