## Where Are We Now

### Key Activities:

- **2018 End-to-End Census Test:** Census Day for the test was April 1. The Self-Response and Nonresponse Followup phases ended on July 31. The Group Quarters operation started on July 30 and will end on August 24.
- **Area Census Office Leasing:** Lease awards have been granted to all 40 Wave 1 ACOs and 70 of the 208 Wave 2 ACOs. Wave 1 offices are scheduled to open in January 2019 and Wave 2 offices are scheduled to open between June and September 2019.
- **Communications Program Planning:** As the research is being completed this Summer, we are working with our contracting team to begin development for the media plans, messaging, and creative treatments.
- **Partnership Program -- Increasing from 1,000 to 1,500 Partnership Specialists:** We are in the process of adding an additional 70 Partnership Specialists this summer and our goal by June of 2019 is to ramp up to approximately 1,500 Partnership Specialists.
- **Complete Count Committees:** 39 states or state-equivalents have formed 2020 Census Complete Count Committees, and an additional 11 are considering forming committees. Complete Count Committees comprise a broad spectrum of government and community leaders that develop and implement a 2020 Census awareness campaign based on their knowledge of the local community to encourage a response.
