

How to download data for "All blocks in Providence County, Rhode Island"

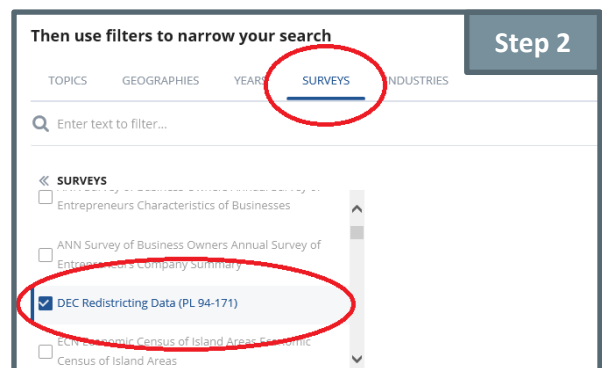

You can access the data at <https://embargo.data.census.gov/cedsci/search>

STEP BY STEP INSTRUCTIONS:

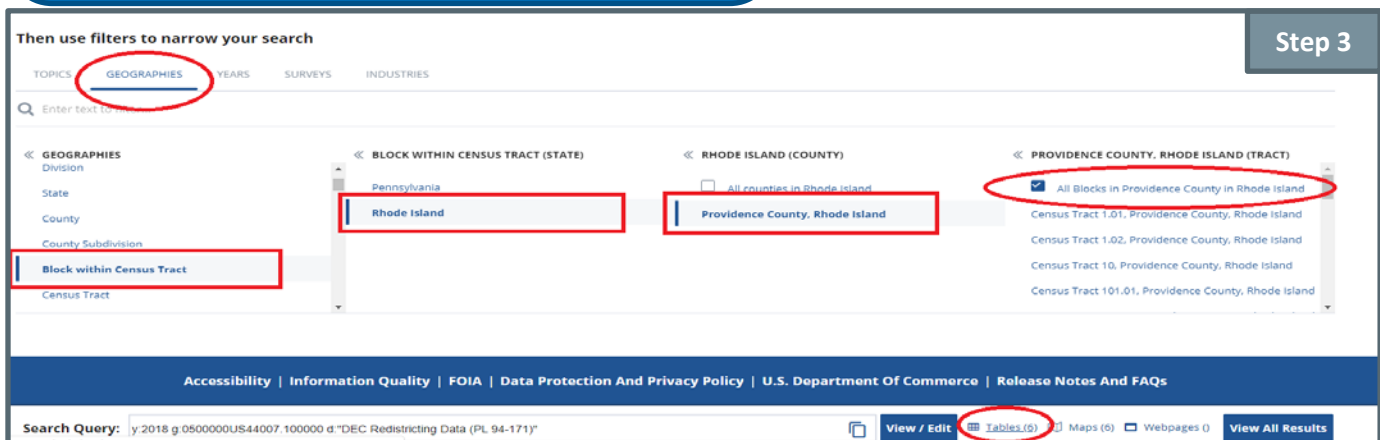

Step 1: Click on the "Advanced Search" button.

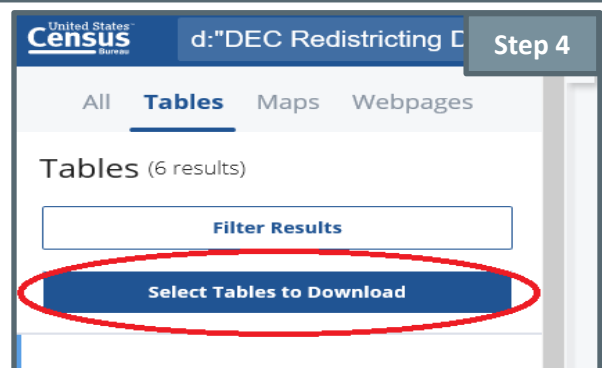

Step 2: Click on the "SURVEYS" filter and check the box labelled "DEC Redistricting Data (PL 94-171)."

Step 3: Click on the "GEOGRAPHIES" filter. Then drilldown in the following sequence: Click on "Block within Census Tract," "Rhode Island" and "Providence County, Rhode Island." Then check the box next to "All Blocks in Providence County in Rhode Island." Next, click on the "Tables (6)" link in the lower right part of the window.

Step 4: Click on the "Select Tables to Download" button in the Table Results window.

Done **Step 5**

Download Selected (6)

File Type
☒ CSV
☐ PDF

What You're Getting

- .csv files (metadata)
- .csv files (data)
- .txt files (table title)

Uncompressed Estimated Size: 115.9 MB

You've selected a large file to download. Preparing your file to download may take 15 minutes.

Download

Step 8: Click on the “Download Now” button. Your selected tables will download into one Zip file. Open the .csv files titled "DECENNIALPL2018.[table id] data with overlays" to access the full set of downloaded data and labels.

Sorry, that table is too large to download.

We're preparing your files.
Canceling or closing this window will end the download.
