Where the boundary of a state legislative district lower house (SLDL) splits a 2010 Census block the Census Bureau's maps and TIGER/Line files depict the correct location of the boundary. For data tabulation purposes that census block is allocated in its entirety to the SLDL specified to the U.S. Census Bureau by the state. This list provides all the SLDL's that split census blocks and shows the state legislative district where the block is allocated for data tabulation.
