Unemployed:							
Unemployed, no work experience in the last 5 years or most recent job was in a military-specific occupation	9920 (Note 3)	Combines: 55-0000 and no SOC equivalent			U	U	U
Notes:							
1. Census Codes 3255, 3256, and 3258 are cross-classified with OPM Code 610.							
2. Due to the U.S. Census Bureau's Disclosure Review Board requirements, any occupational category containing fewer than 10,000 people employed nationwide cannot be shown separately and must be combined with related occupational categories to create aggregates containing 10,000 or more people. As a result, SOC occupations 45-2021, 47-5081, and 51-4192 could not be cross-classified into more accurate EEO job categories.							
3. Code 9920 includes people who are 16 years old and over who are unemployed but have no work experience in the last 5 years; people who have never worked but are looking for work; and people who have worked in the last 5 years but whose last job was in a military-specific occupation (e.g., military officer) and are now looking for work. Code 9920 is only included in the residence tables and not included in the worksite or worksite/residence tables.							
4. The crosswalk from SOC to Census to the EEO-1 job categories did not follow the most recent version of the EEO-1 Job Classification Guide. Per the guidance for the 2007 Employer Information Report, which is still in effect as of May 2013, the "Business and Financial Operations Occupations 13-0000" (13-1011 to 13-2099) should be cross-walked to the "Professionals" category (2) and not to the "Officials and Managers" category (1). This affects 26 EEO detailed occupations. Users should add or subtract relevant EEO detailed occupation data to adjust the EEO-1 job categories accordingly.							
# This particular OPM cross-classification is limited to specific agencies only, and is not for general use by federal agencies not expressly authorized by EEOC to do so.							
* This OPM cross-classification was changed after the EEO Tabulation was already computed for production. The following list documents all of those changes. Users should add or subtract relevant EEO detailed occupation data to adjust the Federal Sector job groups accordingly.

	no SOC equivalent	9830-Military, rank not specified
	no SOC equivalent	9920-Unemployed, with no work experience in the last 5 years or earlier or never worked
		Notes:
		There are 22 SOC occupation titles that do not have an exact match to a Census occupation code. These 22 SOC codes are aggregated to create a match to 1 Census occupation code.
		The remaining 82 aggregated categories were combined for confidentiality reasons, including because the category contained fewer than 10,000 people nationwide.
		For the EEO tabulation, the 4 military-specific occupations only apply to the unemployed, due to the universes on the tables. So, the occupation list combines the 4 military-specific occupations with the unemployed without work experience in the last five years. Apart from this combination, this list is exactly the same as the 2010 ACS PUMS list.
