

Table A-2.

Number of People by Type of Health Insurance Coverage by Age: 2014 and 2015

(Numbers in thousands, margins of error in thousands. Population as of March of the following year. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see www2.census.gov/programs-surveys/cps/techdocs/cpsmar16.pdf)

Characteristic	Total		Any health insurance					Private health insurance ³					Government health insurance ⁴					Uninsured ⁵					
	2014	2015	2014		2015		Change (2015 less 2014) ^{1,*}	2014		2015		Change (2015 less 2014) ^{1,*}	2014		2015		Change (2015 less 2014) ^{1,*}	2014		2015		Change (2015 less 2014) ^{1,*}

Aged 45 to 64	83,213	83,701	74,098	278	75,639	259	*1,540	61,680	444	63,025	368	*1,345	17,360	417	17,896	396	536	9,115	254	8,062	260	*-1,053	
Aged 65 and older	45,994	47,547	45,365	154	47,041	64	*1,676	24,289	401	24,771	383	482	43,051	190	44,609	151	*1,558	629	67	506	62	*-123	

* Changes between the estimates are statistically different from zero at the 90 percent confidence level.

¹ Details may not sum to totals because of rounding.

² A margin of error (MOE) is a measure of an estimate's variability. The larger the MOE in relation to the size of the estimate, the less reliable the estimate. This number, when added to and subtracted from the estimate, forms the 90 percent confidence interval. Margins of error shown in this table are based on standard errors calculated using replicate weights. For more information, see "Standard Errors and Their Use" at <www2.census.gov/library/publications/2016/demo/p60-257sa.pdf>.

³ Private health insurance includes coverage provided through an employer or union, coverage purchased directly by an individual from an insurance company, or coverage through someone outside the household.

⁴ Government health insurance coverage includes Medicaid, Medicare, TRICARE, CHAMPVA (Civilian Health and Medical Program of the Department of Veterans Affairs), and care provided by the Department of Veterans Affairs and the military.

⁵ Individuals are considered to be uninsured if they do not have health insurance coverage for the entire calendar year.

⁶ Children under the age of 19 are eligible for Medicaid/CHIP.

⁷ This age is of special interest because of the Affordable Care Act's dependent coverage provision. Individuals aged 19 to 25 may be eligible to be a dependent on a parent's health insurance plan.

Note: The estimates by type of coverage are *not* mutually exclusive; people can be covered by more than one type of health insurance during the year.
