

A Message from the Director, U.S. Census Bureau:

We are requesting your cooperation with the 2020 Health Insurance Cost Study, the insurance component of the **Medical Expenditure Panel Survey**. Healthcare is one of the most important issues in the United States today. Policymakers and researchers need reliable and current information to guide our Nation's healthcare system.

The U.S. Census Bureau has conducted the insurance component of this survey annually since 1996 for the U.S. Department of Health and Human Services. Accurate measurements of the current health insurance system and realistic assessments of proposed changes to that system can only be made when organizations like yours respond.

Please visit https://meps.ahrq.gov/mepsweb/survey_comp/Insurance.jsp to learn more about the Agency for Healthcare Research and Quality and how they use the data you provide.

The requested information is not subject to the Health Insurance Portability and Accountability Act (HIPAA) privacy rules because it does not ask for any individually identifiable health information.

Please complete within 30 days. You may use the enclosed questionnaire as a worksheet prior to reporting online, or return the completed questionnaire in the enclosed envelope. Online reporting is encouraged due to cost savings and reduced processing times. Instructions for online reporting can be found on the front page of the questionnaire.

YOUR RESPONSE WILL BE KEPT STRICTLY CONFIDENTIAL. We estimate this survey will take 45 minutes, on average, to complete. Additional information about the authority, confidentiality, and burden of this data collection can be found on the back of this letter.

For assistance with completing this survey, please call us on 1-888-206-8023, Monday through Friday, 8:30 a.m. to 5:00 p.m. Eastern time.

Thank you in advance for your time and cooperation. Your response makes a difference.
