See Geographic Terms and Definitions at <http://www.census.gov/popest/about/geo/terms.html> for a list of the states that are included in each region and division. For functional status codes, see <http://www.census.gov/geo/reference/codes/place.html>. All geographic boundaries for these population estimates are as of January 1, 2013. An "(X)" in the 2010 Census field indicates a government that was formed or incorporated after the 2010 Census. See additional information on these areas in the

Geographic Boundary Change Notes (see <http://www.census.gov/geo/reference/boundary-changes.html>).

The estimates base populations for the unincorporated part of Gadsden County, FL and Rockwell City city, IA (located in Calhoun County) include different group quarters population than enumerated in the 2010 Census. After comparison with other Census Bureau data collection efforts, the Census Bureau determined that the 2010 Census enumeration of the group quarters population in these areas was incomplete. Although not eligible for the Count Question Resolution program, the Census Bureau concluded that including the additional group quarters population for these two areas into the population estimates base would provide more accurate estimates for each area.
