AGE is single-year of age (0, 1, 2,... 84, 85+ years).

Note: "In combination" means in combination with one or more other races. The sum of the five race groups adds to more than the total population because individuals may reports more than one race. The estimates are based on the 2010 Census and reflect changes to the April 1, 2010 population due to the Count Resolution program and geographic program revisions. Hispanic origin is considered an ethnicity, not a race. Hispanics may be of any race. Responses of "Some Other Race" from the 2010 Census are modified. This results in differences between the population for specific race categories shown for the 2010 Census population in this file versus those in the original 2010 Census data.
