This item provides information on the current educational level of persons. Be sure the level marked was completed. For example, persons may have attended college but not completed a degree; in this case, code 40 should be marked. For persons who have completed elementary, junior high, or high school as the highest level of education, determine the highest grade or year completed. Do not assume "junior high" falls in the 7th or 8th grade category. Some junior highs begin with the 6th grade and some end with the 10th grade.

- (31) Enter this code for persons who have not completed at least the 1st grade. They may have no schooling or completed only nursery school or kindergarten.
- (38) Enter only those who have completed the 12th grade or year but DO NOT have a high school diploma or the equivalent.

PRESS "SHIFT-F6" TO EXIT HELP

- (39) High school graduate indicates the person has received a high school diploma or the equivalent such as a GED. Include any persons who have completed less than 12 years of school but who have obtained a diploma.
- (40) Enter this category for those who have attended some college and have not yet received a degree. "College" indicates a school that grants college or university degrees, it does not include vocational, technical, business or trade school certificates or diplomas.

- (41) Vocational, technical, trade or business schools include things such as beauty schools, schools for dental assistants, secretarial schools, nursing schools which do not award college degrees, and electrician certification. Schools such as these may award a diploma, certification or license as their final degree.

If uncertain, ask if the school granted the individual a college degree. If the program lasted 2 years or more and the degree awarded was an Associate, Bachelor's, Master's, or Doctorate, do not check code 41.

(42) Associate's degrees are generally granted from 2-year institutions. If the major field of study followed an occupational or vocational track preparing one for a specific technical job or career upon completion of the program, mark this category.

(43) An academic program of an Associate's degree includes fields in the humanities/liberal arts, social sciences, and general sciences and is often used as preparation for a 4-year (Bachelor's) degree.

(44) Mark this entry if the degree completed is a Bachelor's degree (generally granted by four-year institutions). This includes Bachelor's of Arts and Bachelor's of Science.

(45) Mark this if a Master's degree was granted from a university or college program. These include Master of Science, Arts, Social Work, Business Administration.

(46) A professional degree is granted from a graduate or professional school, post-baccalaureate. This includes medical (MD), law (JD), dental (DDS), theological, or veterinarian (DVM) degrees.
