(1) Known value is defined as the portion of U.S. total exports that could be matched to specific companies.
(2) Detail may not sum to total because companies may export from more than one state.
(3) Includes transactions not reported by state and low-value estimates.
(4) Small and Medium sized companies are defined as those companies with fewer than 500 employees, those with missing employment data, nonemployers, and companies that reported annual payroll but did not report any employees on their payroll during specified period(s) in 2011.

Note: This exhibit is compiled using data from export trade information and the Business Register. For information on nonsampling errors and other data limitations, see the Technical Documentation.
