(1) Known value is defined as the portion of U.S. total exports that could be matched to specific companies.

(2) Small and Medium sized companies are defined as those companies with fewer than 500 employees, those with missing employment data, nonemployers, and companies that reported annual payroll but did not report any employees on their payroll during specified period(s) in 2013.

(3) A 2-digit NAICS code is the most detailed NAICS available for some companies. A NAICS code such as "11X" implies that only 2 NAICS digits have been defined (e.g, it is only know for certain that a company is classified within NAICS sector 11). "XXX" represents an unclassified company. For information on partially defined NAICS codes, see the Technical Documentation.

Note: This exhibit is compiled using data from export trade information and the Business Register. For information on nonsampling errors and other data limitations, see the Technical Documentation.
