

Foreign Trade Selected Commodity Subscription Service

Report Order Form

The selected commodity subscription service (also referred to as 1 to 10 service) provides U.S. import and U.S. export data for selected commodities on a monthly basis.

Subscriptions will begin, in most cases, with the next available month after the receipt of a paid subscription and will continue for 12 months. For new subscriptions, please allow 4 to 6 weeks for delivery of the first issue.

Requests for data prior to the subscription period require a manual operation and will be provided on an individual cost basis.

Complete databases of U.S. import and export statistical data are available for purchase in the form of online downloads. For more information, go to:
