1 Report Coverage

This report covers all domestic locations that report payroll for the Federal Employer Identification Number (EIN) shown in the address label primarily engaged in purchasing access and network capacity from owners and operators of the networks and reselling wired and wireless telecommunications services (except satellite) to businesses and households. Establishments in this industry resell telecommunications; they do not operate and maintain telecommunications switching and transmission facilities.

Does the above coverage describe this firm’s business activity?

☐ Yes – Go to 3
☐ No – Specify the firm’s business activity and complete the report where applicable beginning with 3.

2 Federal Employer Identification Number (EIN)

Is the Federal Employer Identification Number (EIN) shown in the address label the same as was reported on the firm’s latest Employer’s Quarterly Federal Tax Return (IRS Form 941)?

☐ Yes – Go to 3
☐ No – Enter the current EIN.

When did the firm begin reporting payroll under this EIN?

3 Report Periods

What periods of time will this data represent?

- Report data for the 2005 and 2004 calendar years if possible.
- For locations that were sold or acquired during a year, only report for the periods that this firm operated the locations.

☐ 2005 and 2004 calendar years – Go to 4
☐ Other than calendar years – Enter the periods this report will cover.

(e.g., fiscal years, periods with less than a full calendar year).
4 Operating Revenue

Report the total operating revenue for this firm’s locations defined in 1 for the following categories.

- Enter “0” where applicable.
- Estimates are acceptable.

Exclude:
- Transfers made within the company.

1. Fixed local – The provision of access to public switched telephone network for the transmission and switching of voice, data and video within and between local calling areas, where the call is made from a fixed location. Include basic service connection fees, revenue from extended areas, local private lines, public telephone services provided with the basic service area, and fixed local calling features such as directory assistance, caller identification, call forwarding and call waiting.

2. Fixed long distance – Outbound or inbound calls made from a fixed customer location where call is paid for by the caller or the recipient and call transmits beyond the basic service area. Include international calls originating in the United States, any charges for operator assistance or special billings directly related to these calls.

3. Mobile telephony – Providing access to the public switched and/or mobile switching center telephone networks for the transmission and switching of voice, data, and video within and between local calling areas, where the call originates from or terminates into a portable handset. Include additional call management features, calls using cellular, personal communications service (PCS), and enhanced specialized mobile radio (ESMR), and similar technologies.

4. Carrier services – Providing wired or wireless services to originate, terminate or transit calls for another telecommunication service provider, including transoceanic telecommunications. Include network access and internet backbone services, charges such as interconnection and settlement charges for the termination of domestic or international calls, charges to long distance carriers for calls originating at a payphone or within another carrier’s local network, charges for jointly used facilities such as pole attachments, and charges for the exclusive rights of circuits.

5. All other operating revenue – Revenue not reported in lines 1–4. If this item is greater than 20% of the total operating revenue, specify the primary source of the revenue here.

6. TOTAL OPERATING REVENUE – Sum of lines 1–5.
