E-Commerce Revenue

E-commerce includes sales and receipts from any transaction completed over an Internet, extranet, EDI network, electronic mail or other online system. Transactions are agreements between buyers and sellers to transfer ownership of, or rights to use, goods or services. Payment for these goods and services may or may not be made online.

Include:
- Revenue from online orders for goods or services placed by a buyer.
- Commissions or fees from trading of securities or the sale of other financial products online (insurance, loans, etc.).
- Commissions or fees from selling or facilitating the sale of third party products through your company’s website.
- Commissions or fees from use of computerized reservation systems, financial transaction processing systems, etc.
- Revenue from orders or contracts negotiated online with a buyer and seller on the price and terms for transferring ownership or the rights to use goods or services.
- Revenue from telephone transactions using interactive voice response systems.

Exclude:
- Online billings where the order or contract was not negotiated online.
- Delivery of services online where the order or contract was not negotiated online.
- Provision of telecommunications systems and related infrastructure systems where the order or contract for such services was not negotiated online.
- Orders for goods or services placed by fax or over switched telephone network.
- Online advertising.
